

THIRTIETH YEAR

LANCASTER, KY., THURSDAY AFTERNOON, JULY 24, 1919.

NUMBER 17

## BOOZE STOLEN

From Basement Of Police Court Room.

"The saddest word of tongue or pen, the saddest yet" is to have your booze stolen, when there is no way to replace it or a clue left as to the guilty parties. Last Saturday night some one broke the lock of the door leading to the basement of the Police Court Room and appropriated eighteen quarts of "Old Taylor" and made a clean getaway.

The robbery of the Patterson residence a few weeks ago, when about \$1,000 was taken, created some excitement, but the taking of eighteen quarts of "Old Taylor" and still no arrests or clue, people are beginning to think if it would be wise to employ a night-watchman, if the robbers are now turning their attention to booze only.

The Elizabethtown News says that a case of whiskey was stolen from the County Judge's office there last week, and that nobody there is above suspicion.

If whiskey is considered property, and with "Old Taylor" selling in some localities at \$12.00 a quart, the guilty party, if caught might have to spend the rest of his days in solitary confinement.

LOST:—A new tarpaulin last Thursday, between Lancaster and Buckeye. Reward if returned to this office or, W. H. Guley, 24-25-pd. Lancaster R. 3.

## Harrodsburg Fair

Next Week.

A good crowd from Garrard county will attend the Harrodsburg Fair which begins at that place next Tuesday July 29th. Weber's famous band will furnish the music and splendid premiums are offered in every ring. Read the advertisement on the back page of this issue and go over and spend a delightful day with the best people on earth and enjoy one of the best fairs in the state.

## Mr. Brown Still

In Business.

Mr. John N. Brown who is the state supervisor for the Jefferson Standard Life Insurance Company, wishes his friends to know that he is still connected with this reliable company, and Mr. Peddicord will represent the company as its local agent. A notice of this a few issues ago left the impression on some of our readers that Mr. Brown had severed his connection with the company, an error we wish to correct.

## Democrats Read This.

Do you know and do you realize that W. H. Hays, Chairman of the National Republican Committee, who says that Woodrow Wilson is a liar, that the League of Nations is an American disgrace, and that the conference at Versailles is an abortion—that this foul-mouthed head of his party in the Nation is writing to the Eighth Kentucky District Republicans, urging them to vote for young Swepe and against Judge Hardin in the special election for Congress next Saturday? He tells them to at least renounce the democratic majority in the 8th district, so that the republicans will be encouraged to win in this State this fall and in the Nation next year.

Edwin P. Morrow, who is just as much an enemy of Woodrow Wilson and the League of Nations, and just as much a backer of Penrose, Lodge and Sherman, is writing urging them to do the same thing, "so as to make certain" he says, "our victory in November". Doesn't it require supreme gall to ask a good citizen to vote for any sort of a republican over any kind of a Democrat for such reasons, and for Congress, this year? Isn't it almost an insult to the intelligence of even a Kentucky republican?

You don't have to be a good democrat; you have to be only a halfway good citizen, and if you are, you will hurry to your regular voting place Saturday, August 2nd, and help roll up such a majority for Judge Hardin as will put the Eighth Kentucky District's intelligence and patriotism in the proper light before the rest of the world.—Exchange.

STANLEY HERRON

## Cited For Conspicuous Bravery.

Friends of Stanley Herron, son of Mr. and Mrs. Luther Herron of this city, are very much elated at the news of honors being recently bestowed upon him, he being cited for conspicuous bravery at the Front, near Exermont, France, in the Argonne offensive.

The following is a true copy of the order issued from headquarters of the Sixteenth Infantry, at Selters, Germany:

Private Stanley Herron 1397, M. D. 16th Infantry.

"Near Exermont, France, October 6, 1918. For conspicuous bravery displayed during the first Argonne Offensive. Throughout this engagement, he was ever in a hazardous position, being attached to a front company, and distinguished himself by his tireless efforts to attend to and evacuate all the wounded from the front line, each of whom were brought out under heavy machine gun and artillery fire at risk of his own life. His utter disregard for his own personal safety to care for others proved him to be a man of courage, fidelity and devotion to duty, rarely, if ever surpassed."

By order of Colonel Harrell: G. T. Phipps, Captain, 16th Infantry, Adjutant.

A true Copy, E. B. Saye, Captain, M. C."

CARROLL

Says Tom Cromwell In Sunday's Enquirer

Gives Straw Vote In 37 Counties.

In last Sunday's Enquirer, Tom Cromwell, one of the most astute political prognosticators in the state, gave a result of a straw vote taken from 37 counties, gives Judge Carroll a lead of 6,775 votes. While he says the returns from all over the state are not complete, yet those from the counties heard from indicate that Carroll will win. He says:

"The 37 counties from which estimates have been received give a lead of 6,775 to Judge Carroll over Gov. James D. Black, and the vote accorded to P. J. Noel, of Harrodsburg, is so minor that he scarcely can be considered to be a factor in the race.

The 33 counties not reported are Ballard and Hickman, First congressional district; Hancock, Hopkins, McLean and Webster, Second; Allen, Logan and Warren Third; Hardin, Hart and Ohio, Fourth; Campbell and Kenton, Sixth; Lee, Seventh; Casey, Mercer, Jessamine, and Spencer, Eighth; Bath, Breathitt, Greenup, Montgomery, Nicholas, Rowan and Wolfe, Ninth; Floyd, Jackson, Martin and Owsley, Tenth and Clay, Monroe and Rockcastle, Eleventh.

The estimates say there will be cast in Louisville and Jefferson county, otherwise the Fifth congressional district, approximately 18,000 votes, and that Carroll will receive 6,000 more than Black.

In the 11 counties reported from the First district, Carroll is accorded a plurality of 1,350 and in the four reported counties of the Second district, a plurality of 1,500 is seen for Carroll. The seven reported counties of the Third district give Black a plurality of 875. The ten counties heard from in the Fourth district accord Carroll 950 more than Black.

The six counties in the Sixth district showing estimates give a plurality of 1,900 to Carroll, while the 11 counties reported in the Seventh district accord the Chief Justice 5,400 more than the Governor.

Black has pluralities in the remaining four districts. The Eighth, seven counties in, accord 2,275 to him; the Ninth, eleven counties reported, 1,250; the Tenth, six counties reported, 2,100; and the Eleventh, 12 counties reported, 2,825.

## REVENUE OFFICES

Change August 1st.

Five Zones in Kentucky To Be Consolidated With A Base at Louisville—Denville Loses Collector.

WASHINGTON, July 17.—A vast increase in the work of the Bureau of Internal Revenue has brought about reorganization of the entire tax collection service, details of which were announced today by Commissioner Roper. Each state, with the exception of Nevada, will be made a separate collection district and permanent personal service headquarters will be established in every important city to furnish blanks and advice to taxpayers as to how they may fulfill their obligations to the government.

Ten collection districts are abolished, effective August 1, being consolidated with other districts to permit the recreation of ten new districts in states which heretofore have not had separate districts. Creation of the new districts will date from the appointment and confirmation of the collection in each.

The five districts in Kentucky are consolidated to permit the establishment of separate collection districts in the states of Arizona, Utah, Idaho and Wyoming. The Collector's office for the State of Kentucky will be at Louisville.

Under the new arrangement Denville will lose the office of Collector of Internal Revenue, now held by Judge John W. Hughes, but it is believed one of the principal deputies will be placed in the Government building there.

## Buys Boyle Farm.

Mr. Steve Hill, one of our most progressive and prosperous farmers has just purchased a fine farm in Boyle county and will get possession January 1st 1920. The farm was sold through the I. M. Dunn Company of Danville and is said to be very productive and ideally located on the Shakerstown pike five miles from Danville. It contains 335 acres and the price paid was \$250.00 an acre.

## GOVERNOR BLACK

Issues Letter of Appreciation and Encouragement.

Kentucky's Governor issued the following message of encouragement and appreciation of the moonlight school teachers and those who are fighting to wipe out Kentucky's illiteracy before the census of 1920 is taken:

"While the countries of Europe relate their industries, it is our privilege in the United States to rehabilitate their ruined cities and rehabilitate the lives of our fellow citizens. One of the most necessary and most noble of reconstruction tasks is to teach all those who are unable to read and write. We must do this before the Commonwealth and the nation can make great advancement.

The teachers and citizens of Kentucky are pioneers in this movement, which has now become nation-wide and has even been adopted in other countries. The movement which they have so unselfishly fostered, demands the best that is in us all at this time when the last battle of this crusade against illiteracy in Kentucky is being waged.

I honor the moonlight school teachers and set a high value upon the service which they are volunteering to render to humanity and to the state. May that service enrich their own lives as much as it will bless their fellow-men and the great Commonwealth of Kentucky.

James D. Black, Governor. July 18th, 1919.

## JUDGE CARROLL

Speaks Here Saturday.

Every Democrat in the county should turn out to hear Judge John D. Carroll, candidate for the democratic nomination for Governor, speak at the court house here next Saturday. Friends of Judge Carroll are working hard for him in this county and a good crowd is expected to greet him when he makes his first appearance before a Garrard county audience.

## U. S. FLEET

Ordered To Mexican Waters.

The American Pacific fleet, commanded by Admiral Hugh Rodman, a Kentuckian, and composed of 200 vessels, has been ordered to steam to Mexico, anchor in several harbors and demand satisfaction for outrages against United States citizens and their property. More than 300 Americans have been slain and millions of dollars' damage done to their property by Mexicans, and Washington fears an invasion will be the only means of restoring order and making the country safe for foreigners. The situation is regarded as critical.

JUDGE CHARLES A. HARDIN.

Next Monday afternoon at two o'clock, County Court Day, Judge Charles A. Hardin, candidate for Congress, will address the citizens of Garrard county in the interest of his race, the election to be held Saturday August 2nd. Judge Hardin is universally popular in Garrard county and a splendid crowd will hear him on this day, as it will be his first address here during the campaign.

## CITY PROPERTY

In Great Demand And Several Fine Homes Sell.

Some important city real estate deals have been made during the past ten days, which shows that city property is in greater demand than was ever known in Lancaster.

Mr. H. Clay Sutton who recently sold his farm on the Lexington pike for \$300.00 an acre has purchased of Mr. James W. Smith his handsome and elegant new home on Maple avenue, the price being \$10,000.

This is one of the choicest homes in the city and was built by Mr. Smith about two years ago. Modern in every respect and will make an ideal home for the new owner.

Mr. J. W. Sweeney has just closed a deal with Mr. J. I. Hamilton, selling his home on Lexington street, together with eight acres of land, the price said to be near or about \$15,000. In this deal Mr. Sweeney gets the Jack Cox property on Danville street adjoining the farm of Mr. Sweeney. Mr. Sweeney hopes in the near future to build an elegant home on the site near this property.

Mr. Green Clay Walker was kind enough to price his property to Mr. R. T. Peddicord last week and a trade was consummated in a few minutes. This is a very desirable home and Mr. Peddicord who together with Mrs. Peddicord, have recently moved into our city, will get immediate possession. Price about \$4,500.

## Speake-Wheeler.

Mr. Talton E. Wheeler certainly put one over on his friends last week, when he quietly slipped off to Denver, Colorado, and married one of the prettiest girls that ever left Garrard county. On July 15th at the home of Rev. J. R. Rader, in Denver, Colorado he was quietly married to Miss Clodie Belle Speake, beautiful and attractive daughter of Mr. and Mrs. James Speake, formerly of this county, but about two years ago moved to their present home in Hilltop, Col.

Mr. Wheeler is the youngest son of Mrs. Dora Wheeler, of this county, and a brother of Dr. Wheeler of this city and Messrs Joe and Sim Wheeler of the county.

The happy couple will return soon to Kentucky where they will make their future home and also receive the hearty congratulations and best wishes of their many friends.

The Burgin Baseball team went to Paint Lick last Saturday and defeated the Paint Lick Blues, 3 to 1.
